La prof t'aide

To prepare the task, you might like to pair up with a classmate or form a group.

You might like to do a draft of the task first and get a classmate to review what you have written before you submit the task.

You could present this task orally in front of your group or your class. Each of your classmates could be presented with the form without the answers and you could read out the answers for them to fill in.

You could also present this as a dialogue. Your classmate could ask you the questions, e.g. "Quel est ton sujet préféré ?"

If you are happy with the completed task, you might wish to save this task into your **portfolio** and/or **hang it up** in your classroom.

For your school open night, you could have a QR code outside the French classroom. When newcomers to the school scan the code, they could access the flyer in French.
